MISS BILLIE NICKELS

Billie Nickels

Pat, is has been such a pleasure to be associated with you as a student and as a friend. One of your personality and disposition has a real future. I shall be watching.

Dedicate

TO THE ONE WE HAVE KNOWN AS—

A SCHOLAR — who has dedicated her knowledge to others.

AN EDUCATOR — who has shown the way of understanding and learning to many.

A DEDICATED PERSON — who has been a devoted teacher in Garland High School for 30 years, sponsoring various clubs and organizations during this time.

A FRIEND — who has that needed bit of wisdom to brighten our darker moments.

FOR THIS and much more the annual staff sees fit to recognize the untiring efforts and accomplishments of MISS BILLIE NICKELS, and lovingly dedicate this 1959 OWL'S NEST.

Classes

History of the 1959 Senior Class

In September, 1947, about one hundred and sixty, six and seven year old children began school life in a new elementary school known as Central Elementary School which replaced the previous building which burned in 1946. Imagine the mixed emotions we experienced at being separated from our mothers for the first time in our lives! Any joy or pride we may have felt was tempered with a feeling of fear of being on our "own" for the first time.

While we were in the third grade, the rapid growth in the city of Garland resulted in the opening of another elementary school, namely the Freeman Elementary School. We were saddened by the fact that this required a separation from many of our friends and classmates. In a comparatively short time we were fully adjusted to this separation, and a spirited, friendly rivalry began to take place between the two groups of students commonly referred to as "Central Sissies" and "Freeman Freaks."

During our fifth year in school, the continued growth of the community made it necessary that a further division of elementary pupils be made to handle the ever increasing school population in these grades. At mid-term the Daugherty Elementary School opened its doors, and many more of our friends and classmates were transferred to this new school. In addition to the "Central Sissies" and "Freeman Freaks" we now had a group we often referred to as the "Daugherty Dirty Dogs."

We enjoyed the sixth grade, and at this stage of our school life we were looking forward with eager anticipation to the Junior High Days which would soon follow.

Our entrance into Junior High School in the fall of 1953 marked an important "milestone" in our lives and marked a radical departure in the manner in which we received our training. No longer did we have but one teacher as we had in the lower grades, but we now entered an era of "specialization" when individual subjects called for different teachers. How important we felt and how far advanced we considered ourselves to be! This year also marked our introduction to school sports, and it was here that we began to be a part of that great heritage that is ours when one considers the splendid records made by Garland students in the realm of sports. This year will also be remembered as the time when we began to broaden our school lives by participating in extracurricular activities such as school clubs and organizations, and scheduled school parties began to have great importance for us.

Junior High days came to a close in May 1956, when we received diplomas signifying our completion of this very important phase in our lives. The annual Prom held at this time was very important to us and will be an event which we shall long remember.

Now we were Sophomores and at this stage of our development we felt very sophisticated, in fact we thought we knew it all, and at times we looked with indulgence on our teachers whom we sometimes considered to be incompetent and not fully qualified for their jobs. How foolish we were but how natural is this feeling in this stage of growth in all adolescents! But we enjoyed our Sophomore year and despite our smug attitude we owe much to our fine teachers for the interest and dedication they have given to their duty. A highlight of this year was experienced when our football heroes won the State Interscholastic League 3 —A title by defeating Nederland 3 to 0.

When our Junior year arrived, we found ourselves engaged in many school activities, not the least important being the paper drives, magazine sales, and other activities which were carried on for the express purpose of raising funds to sponsor the Junior-Senior Prom which was held at the Statler Hilton Hotel. This was a grand affair which was well attended and we all felt that this "highlight" of the year was worth all of the effort involved.

We are now in our Senior year, and we feel that the class of '59 will rank well when compared to the many great classes of the past which have graduated from G.H.S.

Certainly we want to express our heartfelt thanks to all of the teachers, administrators, and others who have had such a profound effect on our lives. May the future find us taking our place as worthy members of society, and may we ever justify your faith and confidence in us.

Homemaking is the course to take if you like to eat — that is if you don't mind eating your own food. However, homemaking not only concerns cooking, but sewing as well. In this course the girls learn to cook and sew efficiently and quickly.

Don't give up kids! After once mastering the basic fundamentals math can be fun! Although these students may be doubtful, this statement is very true. So, study hard and get the fundamentals well in mind, and soon you'll find — to your surprise — that you're really enjoying it.

This is study hall . . . hot and deathly quiet . . . Coach Johnson is in charge . . . students stare at their books . . . Coach is studying football plays . . . a note is slyly passed from hand to hand . . . a loud report of bubble gum rouses dozing students . . . Coach raises his eyes . . . no one breathes . . . Coach goes back to plays . . . five more minutes until the bell and freedom.

One can tell by the smell of things where the Chemistry lab is. This course primarily furnishes a background for prospective Chemistry teachers, pre-medical, pre-nursing, and pre-dental students who plan to pursue the subject further in college. It also is informative to interested students who desire to learn more about the world around them.

These students were caught in a rare moment of conversation and primping in English class.

TO THE JUNIORS

*You've come along the winding road
Where each one seeks to learn,
And opened paths along the way
Where love and friendship burn.*

*We know it all—the class, the halls,
The students gaily chatting,
The friendly looks, the load of books,
The dates and dreams enchanting.*

*We hope you will go forth to learn
And always let that spirit burn,
To pass on in your Senior year,
An inspiration, smile and cheer.*

*We've come along, we've sung our song,
From a day long ago in September.
Now we come to that plate in the road
Where we turn to look back, and remember.*

The Social Studies department is made up of History and Economics. These courses require much memory work and are rarely passed by the students who coast. History is important to students, because it shows the mistakes and glories of past generations so that the present generation may profit from them.

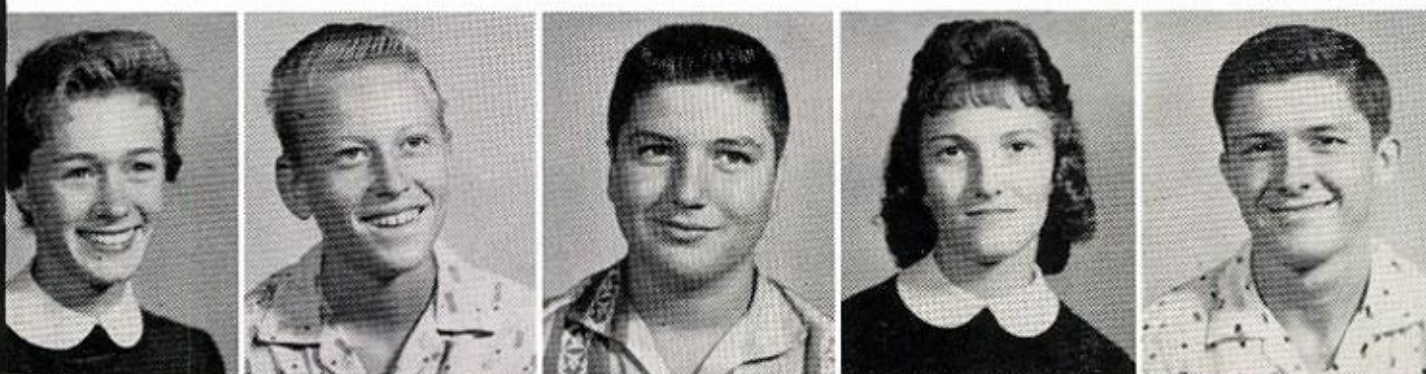

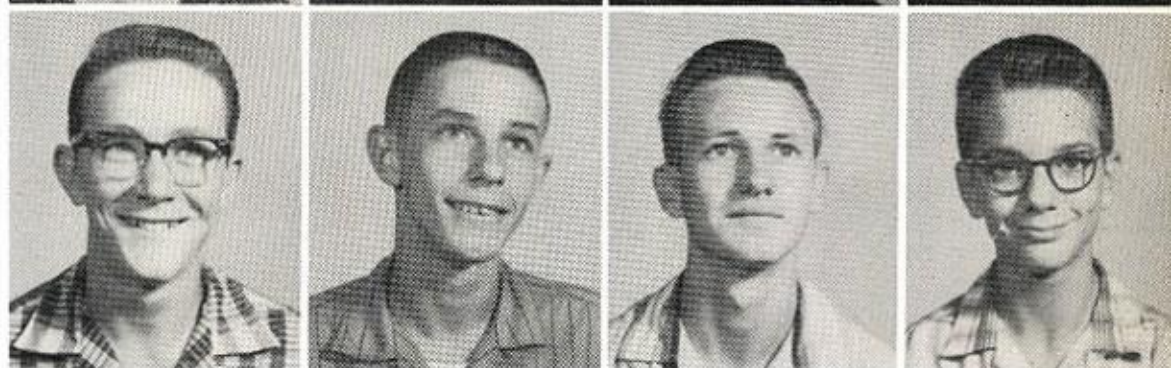

Economics helps students better understand the problems of the country we live in.

Ugh! You mean I have to cut that crawly thing open! Cries and sighs uttered by horrified girls rise in a useless wail, because cutting up those wiggly worms is one of those necessary evils Biology students are plagued with.

But, at the end of the year the crawly creatures of the animal kingdom take on new meaning and are seen by students in a new light.

Cheer up kids, it's only conjugations and remember you learn to do by doing. These Latin students and all who enter into the study of the Latin language learn this principle soon and practice it constantly. Study, study and more study seems to be the only way to advance in this course in knowledge as well as grades. And the Latin classroom is no place for the lazy student.

Mechanical drawing is usually undertaken by boys. In this course the students are introduced first to their drawing instruments, after which they are taught different drawings—symmetrical, isometric, oblique, and section.

Students interested in going into some field along this line would probably choose to be draftsmen or architects.

To Mrs. Dorothy Linthicum—

The Annual Staff would like to express their grateful appreciation for the wonderful service she has rendered to them in past years.

She has sponsored the annual with courtesy and efficiency and through her encouragement and inspiration the annual staff produced an annual last year that was named one of the best in the state.

Her sense of humor and optimistic personality have won the hearts of all whom she has come in contact with

Mrs. Linthicum has never lost her understanding of youth—and it is for this reason that we feel we have found in her an excellent friend as well as teacher.

And so to Mrs. Linthicum—thanks—for a myriad of thoughtful and inspirational deeds.

*Best wishes to
Be seeing you next year

The Garland High School Band is a service organization. As such, it attempts to render service in three categories. These are service at school and community, service to the individual members of the Band, and service to the art of music.

The Band takes part in the activities of the school and uses its abilities to serve the school in the best possible manner. The Band serves the community by participating in all community projects in which its help is needed and desired.

The major activities of the Band are performance at pep rallies, football games, assemblies, concerts, and parades; the Band represents the school at University Interscholastic League contests, Fair Day, and College Band Days.

The 1958 Garland

Runners-Up in

The Garland High School football team once again gave a fine account of themselves, although this was their first year in AAAA competition. They almost set a precedent in Texas Schoolboy ranks by winning district their first year as a AAAA school. Nevertheless, the hustling squad fought its way through a grueling schedule, and came out with a 6-3-1 record.

The Owls placed three men on the All-District 7-AAAA First Team. These boys were halfback Bobby Norvell, tackle Mike Gieb, and end Charles Rimmer.

Garland got off to a thundering start, as they traveled to Hillcrest and blanked the Panthers 30-0. Then they held highly-touted Cleburne to a 0-0 deadlock. Grand Prairie and Arlington proved to be easy prey, as they knocked them off 41-8 and 31-22 respectively. Then the headaches began. The Owls yielded to a fired-up McKinney team 12-8, and then to a huge Weatherford squad 10-0.

Then, with wounded pride after two straight losses, the team began to get down to the business at hand. Winning the District 7-AAAA title was the goal now. Denison and Denton proved little trouble, as the Owls got back into their winning ways again by scores of 56-0 and 50-6 respectively. Sherman proved to be tough, but Garland took them 22-0.

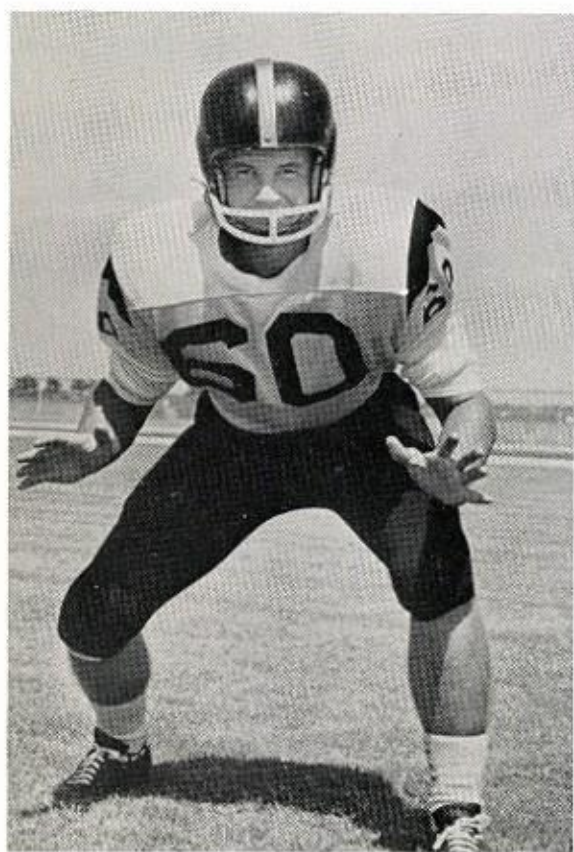

Only Highland Park then stood in the way of the crown. A fired-up and determined football team and student body met at Williams Field on November 21 for the sole reason of toppling the number two ranked team in the state, Highland Park. The Owls pulled out all the stops and played a great game, but the Scotties proved to be too strong, as the Garland 1958 grid season ended with this 24-12 loss.

The 1958 Garland Owl "B" Team

The Garland High School "B" team proved that the varsity would have another good season to look forward to next year. The scrappy "B" teamers compiled a respectable 5-3 record. The blame for their two straight losses in a row at the end of the season can be partly based on the injuries of several of the team's starters.

ROW ONE: Buck Stevenson, Ronnie Rener, Darrell Bingham, Ronnie Harvey, Jim Tillinghast, Don Land, James Townsend, Gary Davis, John Virden, Johnny Fontenette. 1959 Garland Owls

Region II-AAAA Finalists District 7-AAAA Champs

"When you lose one that close, you just weren't meant to win," was the comment given by Coach Hershell Kimbrell after the Owls' final game against the Thomas Jefferson Rebels for the Region II championship. The Owls had come a long way since the defeat by the Rebels earlier in the season.

At the start of the '59 season it did not seem like the Owls would have much of a chance to go anywhere, but things began to change pace and the Owls moved into the greatest season in many years.

The Owls opened their season at North Dallas with a 51-48 victory. Moving on into the season the Owls suffered several of their 12 defeats for the season.

By the time of the Grand Prairie Tournament in early December the Owls were in far better shape. They came to a victory over Denton by a 55-50 margin and ended competition with a loss to Fort Worth Poly to the count of 44-39.

The following week Garland engaged in a new experience. The Garland Tournament of Champions came into existence. The Owls took their first foe, Sulphur Springs, by a 54-41 mark. The Arlington Colts fell victim to the Black and Gold 47-44 in the second contest. That T. J. team came out on top 60-40 to take the first place trophy.

During the Christmas holidays the Owls were still active. They took Sulphur Springs twice and entered the annual Cotton Bowl Invitational Tournament in Dallas. The first match for the Owls meant a 51-44 victory over Sunset to their credit. Highland Park fell short in the second contest to give Garland a 65-59 margin and another chance at T. J. But the Rebs were even rougher this time as they mastered the Owls, 69-44.

Shortly following the Owls went into District 7-AAAA play. The Denton Broncos gave the Black and Gold a start with a 65-42 defeat. Ensuing this match the Owls went on to win the next seven games including a 60-55 return victory over the Broncos.

Then came the exciting playoffs for the District title. Garland took game number one 50-43 but dropped the second match 45-46. Three days later they marched on to a 66-56 win to capture the crown.

The Bi-District contest followed and the Owls became the 68-57 masters over John Tyler High of Tyler.

The Region II playoff was the hard one to come though. The breaks weren't on the Owls' side and Thomas Jefferson edged in at 45-43 mark.

One thing can be said for this Owls' team. They fought their hearts out and raised the crowd from 600 to 6000 for Basketball games and put GHS in the marks of Basketball history. They are a team that the entire city of Garland can be proud of because they represented their school and community in the greatest fashion.

The going got rough for Owl top man John Driver as he wrestled with two unidentified Denton players in game number two of the playoffs for the District title.

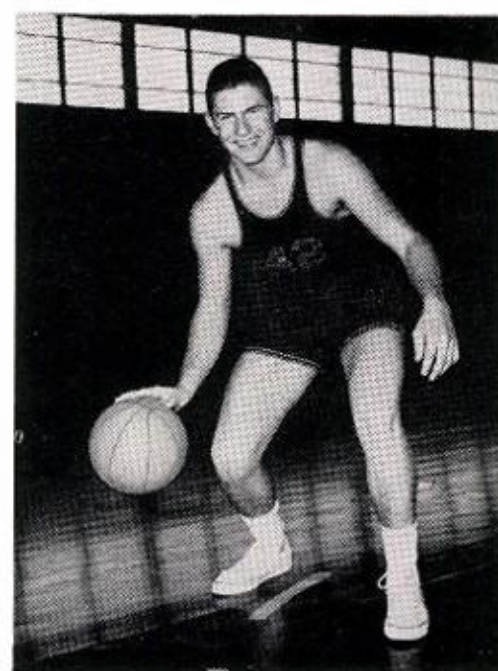

Rebound contention appears between Owl forward Bruce Norling (42) and a hidden Sunset courtman in the Owl's first game of the Dr. Pepper Tournament. Dennis Garrett (31), who attempted the shot, moves in to help.

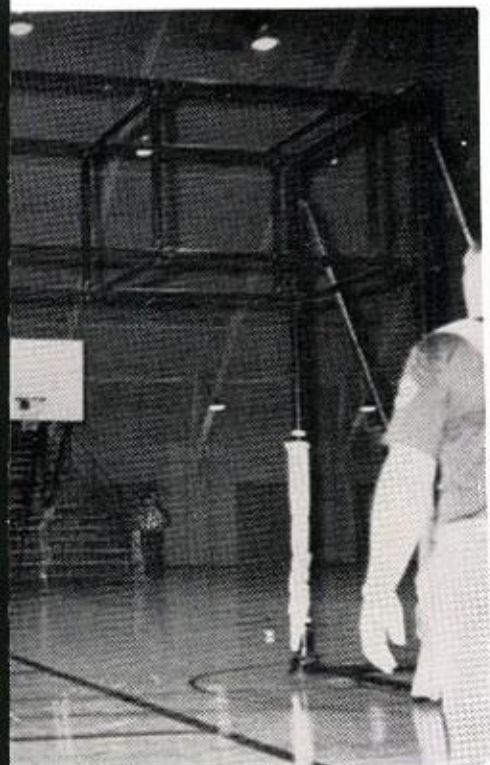

The Owls beat the Bisons 51-44. They continued in the tourney competition after a hearty 65-59 victory over the Highland Park Scots. The final contest for the Owls in the annual event was their 68-44 loss to Thomas Jefferson of Dallas.

"Long John" Driver heaves in a hook to score the first two points for the Owls in their first home contest for the 1958-59 Basketball season. Driver moved the Owls to a victory 59-48 in netting 25 points.

The big All-District ace went on for the season to set a new all-time scoring record for GHS by placing 1311 points through the hoop. He missed breaching Jan Overstreet's 613 point single scoring record by 11 points.

The jubilant Owls celebrate in the dressing room after the final district game with Denton. The score was 66-56.

The '58-'59 Owl B-Team

Coach Jerry Young started his coaching career in a fine fashion in his work at Garland High School this year. His Owl B-Team ended its regular season with 12 wins and 10 losses. In District play the little Owls had a 4-4 win-loss count. They tied with Denton for the second place position. These boys will be the mainstay for the Owl varsity in the 1959-60 season's contention.

Golf 1959

District champions of 7-AA for their first two years of existence, the Garland High School golf team brings a young but experienced team into District 7-AAAA competition this year.

Last year's squad downed Handley and Thomas Jefferson before going into district competition. After taking the district title, they traveled to Stephenville where they placed fourth in regional.

Led by two year letterman, Bruce Hamilton, and with Sally Wolfe, one of the few girl golfers in high school competition, the linksmen look forward to a very successful season.

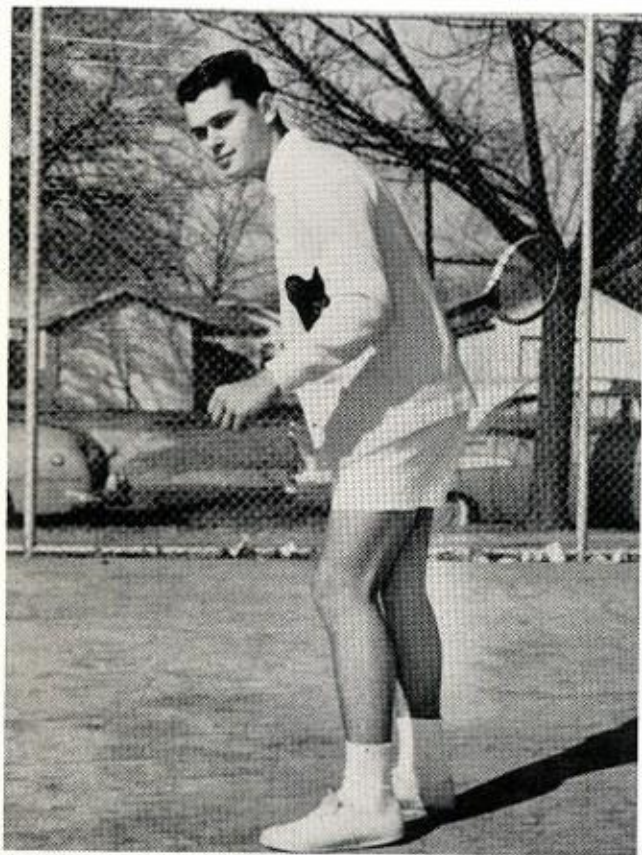

The team practices at Eastern Hills Country Club in Garland.

Members of the squad from left to right: Rob Roth, Sally Wolfe, David Lawson, David Clopton, Charlie Greer, Bruce Hamilton, and Coach Bill Stuart. (Not pictured are David Hall and Mike Neves.)

The 1959 GHS

Coach Alton Williams' 1959 tennis team, having completed their fall matches with success, are looking forward to their tough District 7-AAAA competition this spring.

Helped by the largest turnout in the history of G.H.S. tennis, Coach Williams molded a very well balanced team led by Donna Cleland, Garland's representative at State last year.

Courts for the students are provided by the high school. Tournaments are played on courts located throughout Garland.

TOP ROW; Coach Alton Williams, Linda Lynn, Carol Koerth, David Christian.
BOTTOM ROW: Linda Drain, Merble Earls, Adrienne Edwards, Donna Cleland.

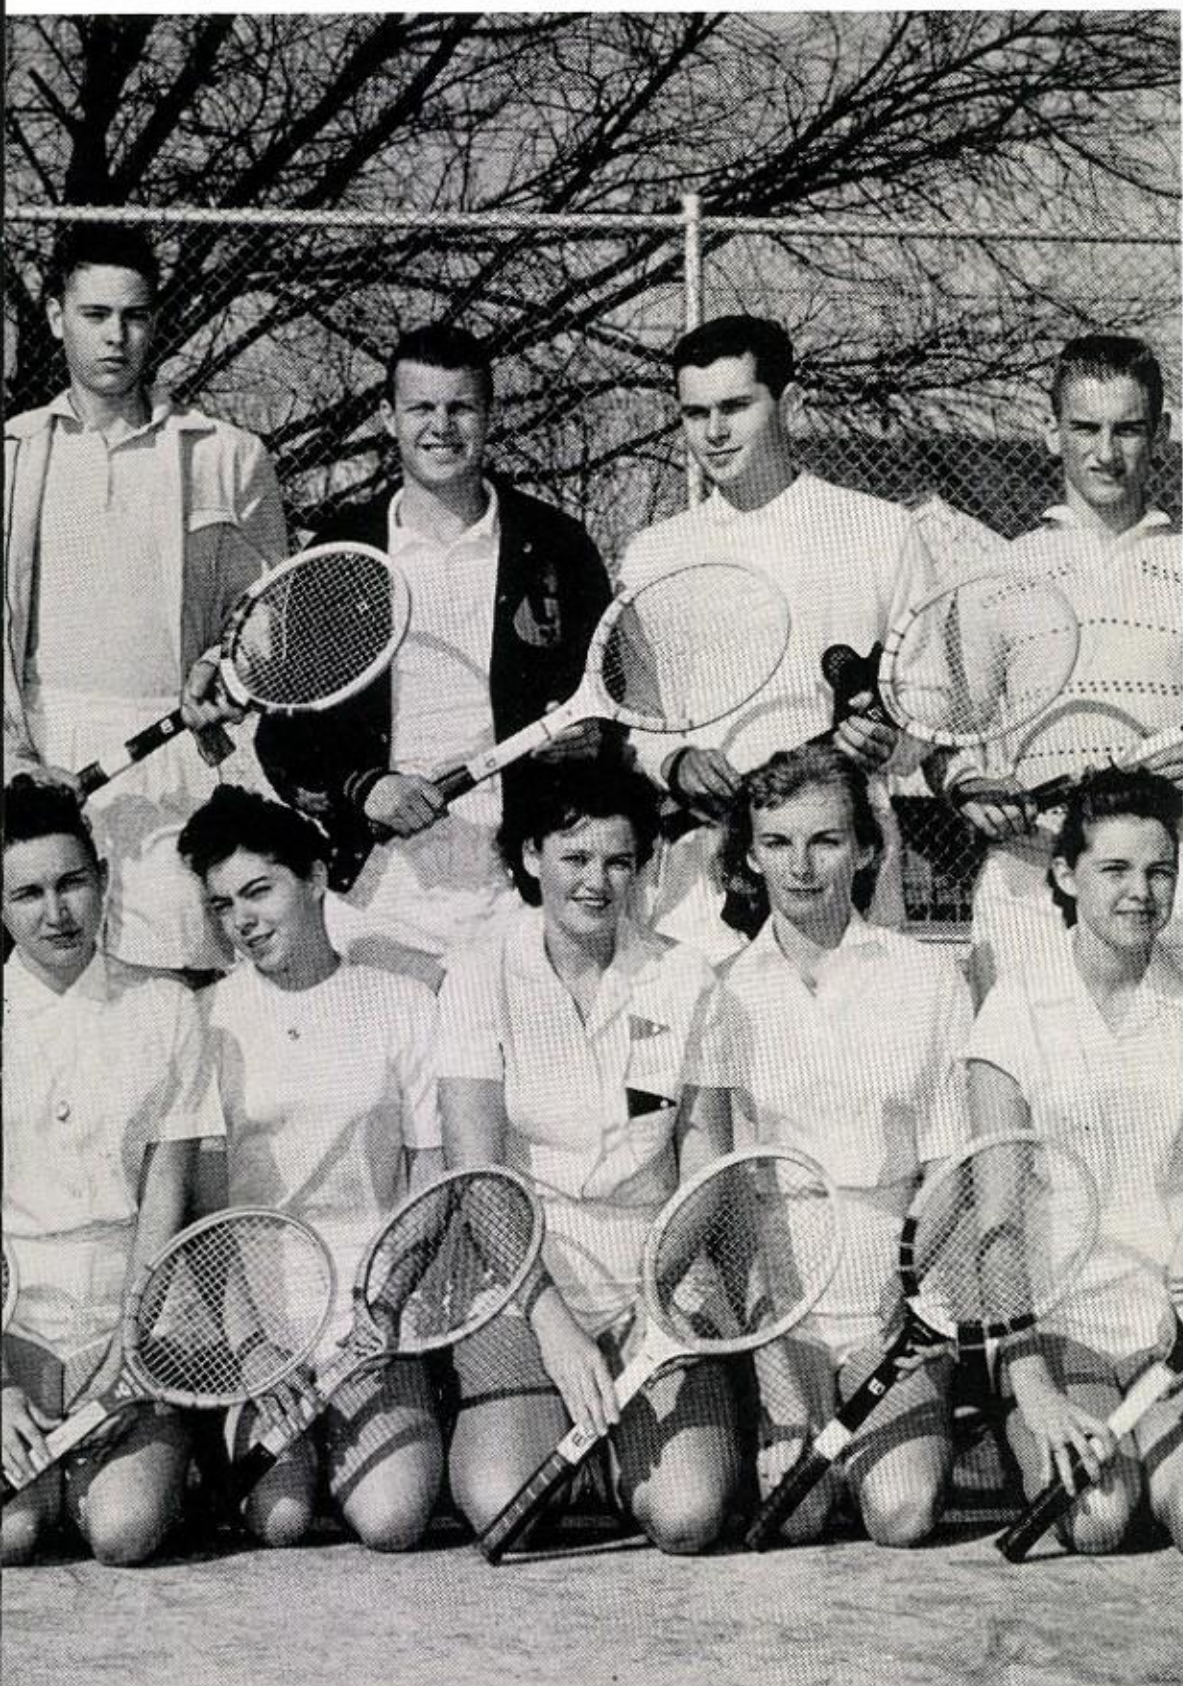

Tennis Team

The squad has taken on Highland Park, Hillcrest, and Woodrow Wilson and have competed in the Cotton Bowl Invitational Tennis Tournament. The annual Garland Invitational Tennis Tournament played host to high schools all over the state during the second week in April.

The squad meets each day after school, weather permitting, to practice for approaching tournaments. Each member is hard-working, sacrificing and conscientious. They follow in the tradition of true Owl Spirit and are outstanding representatives of G. H. S.

RUNNER-UP IN 7-AAAA

The Garland Owls, compiling a respectable 13-7 record, placed second to Highland Park, in their first venture into AAAA baseball ranks. Getting off to a slow start by losing four out of their first five games, the Owls came on strong and started on a ten game winning streak with a 5-2 victory over a good T.J. team. Garland started the district race off with a bang by defeating Denison 7-3, Denton 3-0, and rallying in the last inning to defeat Sherman 8-6. The Owls then faltered to H.P. 9-2 and lost a close one to Denton 3-2. The determined Owls won a must game over Sherman, 4-1, enabling them to meet H.P. in the deciding game for the district championship. Ken Wall's 359 batting average led the hitting department while Edgar Nicholson's 4-1 record was tops among the hurlers.

Track 1959

Garland made its debut into Class AAAA track competition a success as the Owls placed second in District behind Highland Park. The following week at the regional meet the Owls placed fifth, two places ahead of Highland Park and qualified two boys, Ted Landgraf in the shot put, and Dennis Garrett in the High Jump, for the State Meet.

Garland had three first place winners and six second place finishers at the District Meet. Dennis Garrett's jump of 5' 10" was tops in the high jump while Ronnie Hatfield's time of :50.8 in the 440-yard dash and Mike Gieb's heave of 140' 4" in the discus established new District records. Bill Hill placed second in the 100 and 220-yard dashes. Ted Landgraf finished second best in the shot put and Larry Ethridge trailed Dennis in the high jump. The 440-yard relay, also placed second.

Pat.

So a day I'll not soon
forget. We've had lots of
fun in our years together
at B.H.S.; I hope it doesn't
stop - I know it won't. Best
of luck always in every-
thing you do. Keep the
same smile, personality, &
wit you have now, and
Wow!

Pat - To a very Danna
deserving person the
day you first all the
times in life you deserve
to be with you.

Pat -
I'll always remember
those rocks after
all even those
were it. It's just
not an illusion that
of the thing that
counts. T.

Pat,
I have known you for
years and each year is
more enjoyable. Thanks
for being a very close friend
all of these years.
